4-Series Front of House Serving Systems

- 4-Series front-of-house serving systems offer modular designs that fit several sizes, shapes, and material options to add style and “curve” appeal to your foodservice operation.
- While they are not completely customizable, they do offer custom fabrication and some modification including storage, countertops with different drop-in combinations, and fill faucets.
- Modular designs are great solutions for any location that requires flexibility. Choose from a wide selection of décor elements and material options, from standard laminates to textured finishes and stainless steel.

AVOL202109

UNLESS STATED OTHERWISE, ALL ITEMS ARE SOLD BY EACH.

Flavor Burst System

- Flavor products such as soft-serve and yogurt
- Up to eight flavors, in blended or striped formats, from one freezer spout
- 38 syrups for Striped; 17 syrups for Blended
- Customizable program allows you to create your own experience by adjusting pricing, advertising, icons, etc.

Vertical Batch Freezer

- Vertically oriented freezing cylinder provides 160L output per hour, and maximum energy efficiency
- Large diameter freezing cylinder facilitates extremely fast freezing times, resulting in very small ice crystal formation
- Easy cleaning and simple assembly of beater parts
- Clear lid for visibility to mix
